

## 2008 Top 50 Trenchless Design Firms

**E**ach year, *Trenchless Technology* surveys North American engineering firms involved in the trenchless field for its annual Top 50 Trenchless Design Firm showcase. Survey participants were asked to include their firm's overall billings and trenchless billings for the previous year. *Trenchless Technology* also inquired about the number of trenchless professionals and the total amount of projects the firm has completed in the past five years (2002 to 2007). The next page reveals the results of the survey, listed from one to 50, identifying key trenchless engineering firms in the United States and Canada.
